

Embird Password.rar This file was created to serve as a complete password list from one of the top-selling security companies in the country. The password list is plain text and can be easily opened with any type of text editor. This will allow you to get your hands on all of their passwords for your own use or even improve on them! Just make sure to keep this file secure and not let anyone else find it. This password list is also available on the following website: <http://www.deltasecurity.com/password-file/password-list/>

Someone is running Embird on Microsoft Windows XP SP3 without the password...That is wrong! You must have Microsoft Windows Password, or Embird will not work out of the box. Do not think that just because you have a copy of Embird that you can run it with no password. This forum thread describes how to do this: http://www.embird-users.com/forum/viewtopic_last_updated_id=1237
